Profile Summary

Detail-oriented Data Analyst and Cloud/Linux Engineer with a strong foundation in AI-driven automation and data visualization. Proficient in leveraging LLMs like ChatGPT and Gemini for smart content generation and process optimization. Experienced in SQL, Python, and Advanced Excel to manage complex datasets and deliver actionable business insights.

Technical Skills

ChatGPT/Gemini/Perplexity	Prompt Engineering	Advanced Excel	Data Analysis	Python	Basic PHP
AI Content Generation	Power BI Desktop	Pivot Tables	Data Cleaning	DAX	SQL
Automation Scripts	VLOOKUP				

Experience

Sequaretek Pvt. Ltd. | Linux System Administrator

Feb 2024 - Sep 2024

- Conducted Vulnerability and Compliance Assessments to identify and address security risks.
- Applied OS patching via RPM and YUM to maintain system security.
- Implemented server hardening to minimize attack surfaces and enhance protection.

Projects

Bias Detection & Fairness in Voice-Based Banking Authentication

July 2025 – Nov 2025

- Developed a 1D-CNN based voice authentication system using MFCC features in MATLAB.
- Implemented dataset balancing and augmentation to reduce bias across accents and gender.
- Improved fairness and speaker recognition accuracy across diverse user groups.

IPL Performance Analysis Dashboard (2008–2025)

May 2025 - June 2025

- Developed an end-to-end IPL dashboard in Power BI covering 18 seasons (2008–2025) with data from 10 teams and multiple venues.
- Visualized key KPIs such as 4s, 6s, fifties, centuries, top run scorers, and leading wicket takers.
- Designed interactive reports using cards, slicers, and trend analysis for multi-season comparison.
- Built a dynamic points table with team-wise matches, wins, losses, net run rate, and total points.

Real Estate Portal (MERN) | Live | <https://real-estate-portal-nine.vercel.app/>

Jan 2025 – April 2025

- Implemented secure role-based access for Admin, Agent, and Client.
- Enabled portfolio creation with property listings and image carousels.
- Responsive UI with Tailwind CSS hosted on Vercel.

Certifications

- Foundational C# with Microsoft - Feb 2025
- Introduction to Cyber Security – Mar 2024
- Network Support and Security - Mar 2024
- Cyber Threat Management – May 2024

Education

- MCA | Thakur Institute of Management Studies, Career Development & Research, Mumbai | Pursuing | 9.78 CGPA | 2026
- BSc-IT | Ramniranjan Jhunjhunwala College, Mumbai | 9.64 CGPA | 2024
- HSC | Guru Nanak Junior College | 83.50% | 2021
- SSC | Guru Nanak English High School | 72.80% | 2019

Extra-Curricular Activities

- Headed the Research Paper Editorial Team for the ICAIM event.
- Led a team in Synapse Product Development Program, securing 3rd place for a UN SDG-based solution.
- Volunteered in college events including Yuvotsav and Vista.
